

Ochno O-PD-4-EU

One connection. Anywhere work happens.

Product Description

Professional USB-C connectivity, built into the room.

Ochno Power Dock 4 creates a simple, permanent USB-C connection between the user and the technology in the workspace. Connect a laptop with a single USB-C cable and gain access to charging, displays, USB peripherals and the room's video conferencing system — without separate adapters or desktop docking stations. Designed for professional installations, O-PD-4 makes it possible to extend USB-C from the equipment side of the room to the table or desk, keeping technology discreetly installed while placing the connection exactly where the user needs it. Combine O-PD-4 with Ochno USB-C sockets and cables for clean furniture integration and a consistent user experience across meeting rooms, focus rooms and individual workspaces.

SKU O-PD-4-EU
GTIN 7350113051721

Key Benefits

Single-cable experience

Connect the laptop for charging, screen sharing and video through USB-C

Up to 100W charging

Keep the user's laptop powered while connected

Built for UC systems

Extend USB-C connectivity between the user and room-based collaboration technology

Clean furniture integration

Combine with Ochno sockets and cables for discreet installation

Single-user simplicity

Ideal for focus rooms, executive offices and smaller meeting spaces

Consistent Ochno experience

Give users the same familiar USB-C connection across different workplace environments

Permanent installation

Designed as part of the room infrastructure rather than as a loose desktop dock

Technical Specifications

Information

SKU	O-PD-4-EU
GTIN / EAN	7350113051721

Specification

Material	Steel
Color	Black
Dimensions	157 × 73 × 30 mm
Mounting	Screws

Specification - Weight

Weight	1200
--------	------

Specification - Power

Input voltage	20V
Input current	10A
Power consumption	200W

Safety

Over-Current-Protection (...)	Yes
Over-Voltage-Protection (...)	Yes
Over-Temperature-Protection	Yes

Network

Ethernet sharing via USB-C	Yes
Ethernet sharing speed	10/100/1000 Mbit/s
Management via Ethernet	No

Network

Management via Wi-Fi	No
